"...that in all things, He might have the preeminence." Colossians 1:18b

Dear Parents.

Today I opened a new dictionary that was purchased in the last few days. In looking through it, we have found slang words (that are often used in place of profanity) as well as full blown profanity. I do not believe that our school has any place in it for these types of "dictionaries". BCCS would like to see each room have at least one Noah Webster 1828 hardback edition dictionary. Please pray with us concerning this need. The cost is roughly \$57.00 per dictionary. If God would lead you to be part of this, please contact the school office.

God Bless,

Mr. Whitfield
